

TRAINING CALENDAR

2024-25

ICAR Central Institute for Brackishwater Aquaculture
(Indian Council of Agricultural Research)
75, Santhome High Road, Raja Annamalai Puram
Chennai 600 028 Tamil Nadu
Phone: 044-24610565, 24618817, 24616948
Fax: 044-24610311
Email: director.ciba@icar.gov.in
Website: <https://ciba.icar.gov.in>

Brackishwater Aquaculture sector is playing a major role in fisheries economy of India.

As per 2022-23 statistics India has produced 11.83 lakh tonnes of farmed shrimp from an area of 2.30 lakh ha (MPEDA, Kochi, India). *Penaeus vannamei* production was to the tune of 1097481 tons and that of *Penaeus monodon* was 63041 tons. During the same period, the export earnings from frozen shrimp accounted for \$5482 million per annum. Andhra Pradesh, Gujarat, Tamil Nadu, Odisha, West Bengal are the major shrimp producing States in the country, followed by Kerala, Karnataka, Goa and Maharashtra. Andhra Pradesh tops the country with an annual shrimp production of 9.30 lakh tonnes, accounting for 84.8% of the Indian shrimp production. Production of shrimp species like white shrimp (*Penaeus vannamei*), milk fish (*Chanos chanos*), Asian seabass (*Lates calcarifer*) and pearl spot (*Etroplus suratensis*) would fetch higher income within a crop period of 3-4 months in case of shrimp, and 5-9 months in the case of finfish.

India exported fish and fishery products worth US\$ 8.09 billion where farmed shrimp contributed 40.98% by volume and 67.72% by value during 2022-23 (www.mpeda.gov.in). Shrimp occupies top position in terms of earning foreign exchange vis-à-vis other agricultural commodities in India. Indian shrimp exports to US had declined by 22.81%, while exports to EU and Japan increased by 12% to 15.12% and 7% to 13.74% respectively during the past decade.

The total shrimp quantity exported in 2022-23 was 7.11 lakh tonnes worth USD 5.48 billion. It has increased by 1.01% in value terms and 2.84% in quantity compared to 2021-22. USA is the largest importer with 22.81% (2.75 lakh tonnes) of Indian shrimp followed by China (1.45 lakh tonnes), European Union (95597 tonnes), Japan (40,975 tonnes) and South East Asia (65466 tonnes). Shrimp import by China has drastically increased by 24.83% from one lakh tonnes in 2020-21 to 4 lakh tonnes in 2022-23

India has about 1.2 million ha of brackishwater resources, of which only 16.57 percent is being utilized for farming and 8.62 million ha of inland saline areas are available in Gujarat, Rajasthan, Punjab and Haryana and other inland states, which are mostly unexplored. In the case of brackishwater resources suitable for aquaculture, do not compete with agriculture, drinking purposes and construction etc.

To promote sustainable development of brackishwater aquaculture farming and other fisheries related activities in India, Ministry of Fisheries, Animal Husbandry and Dairying under Government of India is implementing major schemes like Pradhan Mantri Matsya Sampadan

Yojana (PMMSY) which are being coordinated and monitored by National Fisheries Development Board (NFDB) Hyderabad through respective State Department of Fisheries.

The Central Institute of Brackishwater Aquaculture (CIBA) under the Indian Council of Agricultural Research (ICAR) was established in 1987 with the following mandate:

- Basic, strategic and applied research for techno-economically viable and sustainable culture systems for finfish and shellfish in brackishwater.
- Species and systems diversification in brackishwater aquaculture.
- Act as repository of information on brackishwater fishery resources with a systematic database.
- Human Resource Development, capacity building and skill development through training, education and extension

The Headquarters of the Institute is located at Chennai and the experimental facilities, finfish and broodstock holding facilities, experimental hatcheries, pilot scale feed mill, etc., are at Muttukadu, about 25 km south of Chennai. The Institute has two Research Centres located at Kakdwip in South 24 Parganas District of West Bengal (KRC) and at Navsari in Gujarat (NGRC).

The research and development programmes in brackishwater aquaculture are carried out under the framework of the following five divisions:

- Crustacean Culture Division (CCD)
- Fish Culture Division (FCD)
- Nutrition, Genetics & Biotechnology Division (NGBD)
- Aquatic Animal Health & Environment Division (AAHED)
- Social Sciences Division (SSD)

The Institute has linkages and collaboration with other ICAR Fisheries Research Institutes and other Institutes under ICAR, State Agricultural Universities (SAUs), Fisheries, Agriculture, Horticulture and Animal Husbandry Departments of the State Governments/Union Territories, Brackishwater Fish Farmers Development Agencies (BFDAs) in various states, Department of Animal Husbandry, Dairying and Fisheries, the Coastal Aquaculture Authority, Ministry of Agriculture, Govt. of India, the National Fisheries Development Board, Ministry of Agriculture, Govt. of India, Department of Biotechnology

(DBT), the Marine Products Export Development Authority (MPEDA), Mangrove and Marine Biodiversity Conservation Foundation of Maharashtra, Vellore Institute of Technology (VIT), NOFIMA, Norway, Govt. of India, Chennai Petro Chemicals Limited, M.S.Swaminathan Research Foundation, Chennai, Aquaculture Foundation of India, Chennai, FAO-Bay of Bengal Programme, Network of Aquaculture Centres in Asia-Pacific (NACA) and World Bank.

Institute training programmes

Training courses in brackishwater aquaculture are conducted throughout the year by the Institute as part of the extension services and offered to the State / Central government officials, faculty members and students of Fisheries Colleges and Agricultural Universities, farmers, entrepreneurs and other stakeholders engaged in brackishwater shellfish and finfish aquaculture activities. Brainstorming sessions, Interaction meetings, Farmers' meets, Demonstrations, Hands-on trainings, Workshops and Exhibitions are also conducted from time to time. The training programmes are broadly classified into three viz., Short Course (3 days), Hands on Training Course (5 days) and Intermittent Course (5-10 days).

Nomination and Course Fee

The application for the training ([Annexure-I](#)) in respect of each course can be uploaded in CIBA website along with the receipt of NEFT transfer details (ICAR UNIT-CIBA, Current Account Number 10013240762, State Bank of India, Santhome Branch, IFSc No.SBIN0005797) towards the course fee or in the form of a Demand Draft drawn in favour of "ICAR Unit, CIBA", payable at State Bank of India, Santhome Branch, Chennai-600028. The course fee can be also paid as Cash/Credit/Debit Card at the time of reporting for the course. There is no course fee for ICAR employees. Applications should reach 15 days in advance before the commencement of the training programme for consideration. The employed candidates should apply through proper channel. The soft copy of the application can also be submitted through e-mail to director.ciba@icar.gov.in . The selected candidates will be intimated by post/e-mail and they should report on the first day of the commencement of the training course.

Application along with the course fee is to be sent to (i) Director, ICAR- Central Institute of Brackishwater Aquaculture, 75, Santhome High Road, Raja Annamalai Puram,

Chennai – 600 028 for the Courses conducted at Chennai, (ii) Officer-in-Charge, Kakdwip Research Centre of CIBA, 24 Paraganas (South), Kakdwip - 743 347, West Bengal, for the courses conducted at the KRC, Kakdwip and iii) Officer-in-Charge, CIBA- Navsari Gujarat Research Centre, First Floor, Building of Polytechnic in Animal Husbandry, Navsari Agricultural University, Navsari, Gujarat 396 450 for the courses at NGRC.

Travel

The expenditure on travel, TA, DA, etc., has to be borne by the sponsoring authority / Organization or by the candidates themselves

Boarding and Lodging

Since the institute is having only limited hostel facilities, guidance would be provided to find suitable accommodation in hotels nearby the Institute. The transport facility will be provided from Chennai to Muttukadu Experimental Station whenever the training course is conducted at Mutukkadu Experimental Station of the Institute.

Coordination

The training courses will be coordinated by the concerned Division / Section in Charge / Subject Matter Specialist. If any participant is unable to understand the matter in English, arrangements would be made to translate in Hindi, Bangla, Odiya, Telugu, Kannada, Malayalam and Tamil. On successful completion of the Training Courses, a Certificate on the same will be provided to each participant. If there is a demand for particular Training Course(s), it can be repeated as per the requirement. **Conventional training programmes will be organized subject to prevalence of unexpected conditions such as COVID-19 pandemic and the Government Rules prevailing in the place of training and period. The dates provided in this Training Calendar are purely tentative and subject to change depending on institute's discretion. However, changes if any will be notified in CIBA website before the training period.**

| Short Course (03-04 days) | | | | | | |
|----------------------------------|---|---|---------------------------|---------------------------------------|---|--|
| Sl.No. | Title of the Course | Place & Date | Duration (in days) | Minimum Number of Participants | Course Fee /person in ₹ excluding 18% of GST | Division / Section / Centre to organize |
| 01 | Biofloc Based Smart Aquaculture | CIBA HQ Chennai (22-04-24 to 25-04-24) | 04 | 10 | 6560 | Crustacean Culture Division |
| 02 | Aqua feed preparation techniques and quality control | CIBA HQ Chennai (06-08-24 to 08-08-24) | 03 | 10 | 3500 | Nutrition Genetics and Biotechnology Division |
| 03 | Recent advances in seed production and farming of brackishwater finfishes | CIBA HQ Chennai (10-09-24 to 12-09-24) | 03 | 10 | 3500 | Finfish Culture Division |
| 04 | Pond water and soil analytical techniques and interpretation of results | CIBA HQ Chennai (15-10-24 to 17-10-24) | 03 | 10 | 3500 | Aquatic Animal Health and Environment Division |
| 05 | Aqua feed preparation techniques and quality control | CIBA HQ Chennai (03-12-24 to 05-12-24) | 03 | 10 | 3500 | Nutrition Genetics and Biotechnology Division |
| 06 | Biofloc Based Smart Aquaculture | CIBA HQ Chennai (07-01-25 to 09-01-25) | 04 | 10 | 6560 | Crustacean Culture Division |

| Hands on Training (05 days) | | | | | | |
|------------------------------------|--|--|---------------------------|---------------------------------------|---|--|
| Sl.No. | Title of the Course | Place & Date | Duration (in days) | Minimum Number of Participants | Course Fee /person in ₹ excluding 18% of GST | Division / Section / Centre to organize |
| 01 | Certificate Course on Shrimp Crop Insurance and Loss Assessment | ICAR CIFE Mumbai (29-04-24 to 03-05-24) | 05 | 10 | 6000 | Social Sciences Division |
| 02 | Hands on training on Best Management Practices in Finfish Culture | CIBA HQ Chennai 19-08-24 to 23-08-24) | 05 | 10 | 5500 | Finfish Culture Division |
| 03 | Hands on training on shrimp and mud crab culture in East India | KRC Kakdwip (26-08-24 to 30-08-24) | 05 | 10 | 5500 | KRC Kakdwip, West Bengal |
| 04 | Hands on training on finfish farming technologies in the west coast of India | NGRC Navsari, Gujarat (26-08-24 to 30-08-24) | 05 | 10 | 5500 | NGRC Navsari, Gujarat |
| 05 | Biofloc production technology | CIBA HQ Chennai (16-12-24 to 20-12-24) | 05 | 10 | 5500 | Crustacean Culture Division |
| 06 | Hands on training on shrimp and mud crab culture : A practical exposure | CIBA HQ Chennai (20-01-25 to 24-01-25) | 05 | 10 | 5500 | Crustacean Culture Division |

| Intermittent Training (05-12 days) | | | | | | |
|---|---|--|---------------------------|---------------------------------------|---|--|
| Sl.No. | Title of the Course | Place & Date | Duration (in days) | Minimum Number of Participants | Course Fee /person in ₹ excluding 18% of GST | Division / Section / Centre to organize |
| 01 | Recent advances in soil and water management in brackishwater aquaculture | ICAR CIBA Chennai (26-08-24 to 30-08-24) | 05 | 10 | 5000 | Aquatic Animal Health and Environment Division |
| 02 | Advance training in aquaculture nutrition and feed | ICAR CIBA Chennai (19-08-24 to 30-08-24) | 12 | 05 | 8500 | Nutrition Genetics and Biotechnology Division |
| 03 | Histopathological techniques for brackishwater aquatic animal disease diagnosis | ICAR CIBA Chennai (23-09-24 to 27-09-24) | 05 | 10 | 5000 | Aquatic Animal Health and Environment Division |
| 01 | Farming and seed production technology of brackishwater fishes. | KRC Kakdwip (04-08-24 to 09-08-24) | 06 | 10 | 6500 | KRC Kakdwip West Bengal |
| 04 | Advances in hatchery seed production and farming of pearlspot, <i>E. suratensis</i> | NGRC Navsari, Gujarat (09-10-24 to 13-10-24) | 05 | 10 | 5500 | NGRC Navsari, Gujarat |
| 05 | Diversification of shrimp farming complementary native shrimps | CIBA HQ Chennai (26-10-24 to 30-10-24) | 06 | 10 | 6500 | Crustacean Culture Division |

| | | | | | | |
|----|---|--|----|----|------|---|
| 06 | Nutrition, feed formulation and management for brackishwater shellfish and finfishes | KRC Kakdwip (21-10-24 to 26-10-24) | 06 | 10 | 6500 | KRC Kakdwip West Bengal |
| 07 | Recent advances on diagnosis and management of brackishwater fish diseases | CIBA HQ Chennai (06-11-24 to 11-11-24) | 06 | 10 | 6500 | Aquatic Animal Health and Environment Division |
| 08 | Disease management in brackishwater aquaculture farming | KRC Kakdwip (09-12-24 to 14-12-24) | 06 | 10 | 6500 | KRC Kakdwip West Bengal |
| 09 | Bacteriological techniques for detection of pathogenic bacteria in brackishwater shrimp farming | CIBA HQ Chennai (27-01-25 to 01-02-25) | 06 | 10 | 6500 | Aquatic Animal Health and Environment Division |
| 10 | Genetics & Biotechnology: Tools and their application in aquaculture | CIBA HQ Chennai (03-02-25 to 07-02-25) | 05 | 10 | 8500 | Nutrition Genetics and Biotechnology Division |
| 11 | Cell culture techniques for detection of brackishwater fish viral pathogens | CIBA HQ Chennai (10-02-25 to 15-02-25) | 06 | 10 | 6500 | Aquatic Animal Health and Environment Division |
| 12 | Best management practices in shrimp hatcheries and farms | CIBA HQ Chennai (12-02-25 to 17-02-25) | 06 | 10 | 6500 | Crustacean Culture Division |
| 13 | Advanced training in aquaculture nutrition and feed technology | CIBA HQ Chennai (20.02.25 to 01-03-25) | 10 | 10 | 8500 | Nutrition Genetics and Biotechnology Division |

Analytical services offered by ICAR-CIBA

- Analyses of water and soil quality parameters
- Analyses of shrimp / fish feed and their ingredients
- Microbiological and pathological analyses of shrimp / fish tissue samples.
- Genetics, genomics & bioinformatics

ANNEXURE-I
ICAR-Central Institute of Brackishwater Aquaculture, Chennai
Application for Training Course

| | |
|---|--|
| 1. Title of the course | |
| 2. Nature of training required in brackishwater aquaculture | |
| 3. Name of the candidate (in Capital Letters) | |
| 4. Sex | |
| 5. Date of Birth | |
| 6. Nationality | |
| 7. Highest Educational Qualification | |
| 8. Category (Aqua Farmer / Fisher / Farmer / Aqua Technician / Input Dealer / Input Supplier / Aqua Industry / Aqua Marketing / State Government / Central Government / Development Boards/ Commercial Banks / Other Financial Institutions / Research Scholar / Student / Others (Please specify) | |
| 9. Designation if employed and name and address of the employer | |
| 10. Complete postal address with Pin code | |
| 11. Individual Email id | |
| 12. Mobile Number | |
| 13. Whether belong to SC/ST Category (if yes, please attach the relevant proof) | |
| 14. Particulars of the course fee DD / NEFT UTR Number etc. | |
| 15. Are you being sponsored? If yes please give the name and address of the sponsoring organization | |
